

# SHAHAB DAD KHAN

SOFTWARE DEVELOPER

## PROFILE

As a dedicated and inquisitive frontend software developer, I possess a solid track record of two years of experience in crafting dynamic and responsive web applications and websites. My journey as a self-taught professional has nurtured my curiosity and commitment to honing my skills, enabling me to approach every task with honesty and passion

## TOOLS

HTML/CSS/SCSS, JavaScript,  
VueJs/Nuxt/React,  
Vuetify/Bootstrap, Git .  
Basic knowledge of Tailwind, Typescript,  
NodeJs, Firebase.

## EXPERIENCE

### GREENHONCHOS SOLUTIONS PVT LTD

2021 - Present

#### JIOMART ASP

- Spearheaded the design and development of various essential functionalities, including checkout journey, order tracking, pre-order features, and more, within the Jiomart Assisted Sales Platform.

#### MANISH MALHOTRA

- Pioneered the implementation of an automated size selection feature on the Product Display Page (PDP), utilizing user data from previous interactions to enhance personalized experiences.
- Developed a user-friendly zoom functionality for product images on the PDP, fostering enhanced product visualization and user engagement.
- Accomplished various other enhancements and updates to meet project requirements.

## SKILLS

- Front End Development
- Web Design
- Problem-Solving
- Design Thinking
- Project Management Tools
- Strong Communication

## EDUCATION
